About This Game

Deckadance 2 continues to elevate the freedom of creative expression whether you're a touring professional, remix/groove producer, turntablist, scratch DJ, club DJ, mobile DJ, or just prefer to create at home!. Deckadance 2 can run VST compliant effects and/or softsynths for producing unique mind blowing musical performances and can also be controlled with MIDI controllers. Deckadance 2 provides all the necessary tools and features you need to stand out above all others!

Notable and New Features

- Number of Decks: 2 or 4 Decks along with horizontal-layout views with miniature decks on the left and horizontal stacked and zoomable waveforms across the screen.
- Frequency isolated effects: Up to 3 chained insert effects per track (choose from 10) applied independently to High, Mid, Low or any combination of bands.
- SmartKnobs: Link a single knob to any number of FX & Mixer interface targets under user programmable envelope control. GrossBeats: Trigger tempo-perfect scratch, stutter and glitch effects. 8 user programmable buttons per deck with integrated editor.
- Snapshots! Create and configure unlimited number of deck and mixer settings as you like and save them in a "snapshot" that you can later recall via assignable keyboard shortcuts (in momentary or toggle modes)!
- EQ colored waveforms: Deck waveform shows the most prominent frequencies in the mix.

-
- **Maximized Browser:** library layout with a large song list viewing area for working on your playlists and two miniature decks and mixer for track sampling. Space bar key toggles between the maximized library layout and the previously selected one.
 - **Library song manager:** Full featured database-driven manager with smart playlists, iTunes import and automated mixing options.
 - **Beat detection:** Automatic and manual beat detection & beat-gridding of tracks for sophisticated beat-matching.
 - **Time stretching/compression:** zPlane Elastique time-stretching/compression technology (key lock) for best master tempo quality.
 - **Rearrange songs:** Hot Cue points, Loops & Beat jump provide beat-locked song rearranging/remixing options.
 - **Software Mixer:** 2 or 4 channel mixer. It includes EQ, Filters, gain and level controls, auto crossfader, advanced headphone cueing and overload protection to prevent clipping distortion. Also includes AGC (automatic gain control) based on perceived loudness.
 - **Sampler:** 1/32 to 16 step beat-matched easy sampling. One shot, trigger, retrigger and loop modes. Snap :Makes any timed features snap to the detected beat.
 - **VTS Host:** Hosts VST plugins. Includes Effector VST plugin (see below).
 - **MIDI Support & Scripting:** Wide range of pre-mapped MIDI controllers and the ability to custom map any MIDI controller via MIDI learning. Program any MIDI controller with controller feedback via scripting.
 - **Customizable interface:** Show only the features you use. Configure decks, smart panels and function ones to show your most used features.
 - **Smart Utility Panels:** Choose up to 8 panels per deck. Panels includes Loop, Cue, Grid, Key (tempo lock), SmartKnob, Tempo, EQ, Gain & Filter, Volume, FX Mix & Isolator, FX 1 to 3 and Gross Beat.
 - **Audio recorder:** Capture your performances to high quality .wav format.
 - **Supported audio formats:** mp3, flac, m4a, wma, wav, aiff and ogg.Effector
 - **VST Plug-In:** In addition to the internal effects, Deckadance 2 includes the Effector VST plugin with 12 performance oriented effects: Distortion, Lo-Fi bit reduction, Flanging, Phasing, Filter (low/high pass), Delay, Reverb, Stereo panning & binaural effect, Gating, Granulizer, Vocal formant and Ring modulation effects.
